

Virginia Medicaid NEMT — Provider Enrollment

One ModivCare enrollment opens five payer channels: Virginia Medicaid fee-for-service PLUS the NEMT programs of Aetna Better Health, Sentara Health Plans, Humana Healthy Horizons, and UnitedHealthcare. Anthem HealthKeepers (the fifth plan) uses a separate broker, Access2Care — covered on the last page. Enrollment is rolling: no RFP, no bid deadline.

Estimated revenue: ambulatory trips are broker-negotiated; third-party 2025–26 guides estimate a \$12–\$32 per-trip base plus roughly \$1.10–\$2.20 per loaded mile in Virginia. Your actual rate is set in the provider agreement — negotiate before signing.

Step 0 — Prerequisite: Virginia DMV for-hire passenger authority

DMAS requires NEMT providers to hold proper operating authority and licensed vehicles BEFORE transporting members. CSL's courier USDOT/MC authority covers goods — passenger transport needs a separate Virginia DMV irregular-route for-hire / NEMT operating authority.

1. Go to dmv.virginia.gov → Motor Carrier Services → Operating Authority, or call the DMV Motor Carrier section.
2. Apply for intrastate for-hire passenger (non-emergency medical transport) authority for the 2019 Ford Transit.
3. Confirm insurance meets passenger-carrier minimums — brokers commonly require higher commercial auto limits (often \$1M CSL) than courier work; get a quote from the current carrier before the ModivCare call.
4. PROOF: keep the DMV authority certificate — ModivCare will ask for it during credentialing.

Step 1 — Start ModivCare enrollment

1. Call ModivCare Network Development: **(866) 810-8305 ext. 2645** (alt: 866-810-8302), or submit the form at modivcare.com/transportation-providers-contact-us. Say you want to join the Virginia network as an ambulatory NEMT provider in the Richmond region.
2. They will send a provider application — answer from the Company Data Sheet below so nothing is re-keyed.
3. Negotiate the per-trip base + per-mile rate for the Richmond region before signing (see estimate above).
4. PROOF: save the application confirmation email, the signed provider agreement, and the rate sheet to the CSL compliance folder.

Step 2 — Credentialing checklist (what ModivCare will require)

☐	Driver age 21+ with valid Virginia license (Darren + any contract drivers)
☐	Criminal background check + Motor Vehicle Record (MVR) for each driver
☐	Pre-enrollment drug screening for each driver
☐	NEMT / member-assistance training (ModivCare provides; also see DMAS Driver, Attendant & Vehicle Requirements, version effective 5/26/2026)
☐	Vehicle safety inspection of the 2019 Ford Transit
☐	Commercial auto insurance certificate at broker-required limits (name ModivCare as certificate holder if requested)
☐	Virginia DMV for-hire passenger authority certificate (Step 0)

- ☐ W-9 and banking details for trip payments
- ☐ WellRyde dispatch app setup (ModivCare provides at no/reduced cost)

Typical onboarding runs 60–120 days end-to-end — start now so revenue lands this fall.

Step 3 — Access2Care (Anthem HealthKeepers) — the fifth payer

1. Once ModivCare credentialing is underway, call Access2Care's Richmond-local provider line: **(804) 873-5200** (number published on DMAS's transportation contact sheet).
2. Ask to enroll as an ambulatory NEMT provider for Anthem HealthKeepers Plus in the Richmond region; the credentialing pack you built for ModivCare covers nearly everything they'll ask for.
3. PROOF: save the Access2Care provider agreement alongside the ModivCare one.

Company Data Sheet — read from this during every call

Legal name	Capital Solutions & Logistics ("CSL")
Founded	2023 — Richmond, Virginia
Owner / POC	Darren Lewis, Managing Member & Director of Operations
